How SnapClose helped.

(Testimonial from Sandra Innamorati, Paralegal at Atty. Richard E. Hastings)

“We were obviously overwhelmed. In this market, we were having 4 closings a day and it was absolutely chaotic. I wasn't able to keep up with title policies for a while because I was so busy putting in new files and following through to closing — I didn't have time to do the “finish” work.

“[SnapClose] came recommended as a solution. It looked like it had everything we needed, so we went ahead with that. And it's made all the difference. “

SnapClose makes it easy. It has everything in one place. I appreciate that.”

“The ability to pre-fill data and have it automatically transfer into every document - such as seller docs, buyer docs, title commitments, title policies - **has made our process easy**, as it should be.”
